

7 STEPS

TO BECOMING A
SUGRU GURU

HACK THINGS BETTER.

THAT'S OUR MOTTO. ↷

IT'S WHY SUGRU EXISTS. IT'S NOT ABOUT "MAKING-DO," IT'S ABOUT TAKING CONTROL OF OUR STUFF; MODIFYING AND IMPROVING THE PRODUCTS WE OWN SO THAT THEY WORK BETTER FOR US.

This little book will guide you in the way of sugru, that you may truly become a SUGRU GURU

1 TRUST YOUR INSTINCT. DOES THAT THING NEED SUGRU ON IT? YES.

Put some sugru on the base of your mug instead of using a coaster.

Put sugru onto the top of your masher and mould it to your grip to make it easier to use.

Fix a hole in your saddle, a broken pot handle, lever or knob.

sugru is soft to touch and is perfect for smoothing over rough edges making shoes more comfy.

Use sugru on the feet of noisy stools or the frame of the door to make things a little quieter.

Adapt the handle of your golf club to fit your grip perfectly.

LIVE + LEARN If your first hack doesn't work it's ok, relax, take it off and start again!

2 SEEK WISDOM.

HONE YOUR SKILLS BY LEARNING FROM OTHERS.
Seek hundreds of examples at sugru.com

3 INCREASE IN SPEED.

WASTE IS NOT THE SUGRU WAY.

sugru will stay fresh in its pack for **6 months** after purchase. If you use it within this time, the cured sugru will **last and last and last.**

You can find the Use By date
on the back of each sachet.

SO DON'T JUST STICK IT IN YOUR
KITCHEN DRAWER, GET HACKING NOW!

④ MASTER YOUR CRAFT.

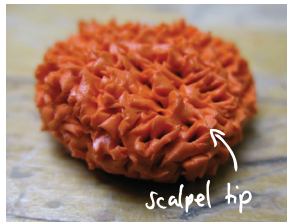

- mix sugru to create great new colours (step 6)
- or just marble two colours for a funky effect
- If you don't want sugru to stick, use soapy water (it's a release agent)
- to remove sugru, carve it off with a sharp knife and clean the remaining sugru with the back of your finger nail and tissue
- carve sugru for a super sharp finish (use a scalpel when it is cured / semi-cured)
- add texture, it feels lovely and looks awesome
- if you want a super smooth surface - use soapy water and rub gently
- build up your hack - sugru sticks to sugru
- blend - add a bit of something special - wool, glitter, sand...

In case you didn't know...

- the best way to clean your hands during / after using sugru is to **wipe them with tissue paper**
- sugru cures faster at room temp (21°C)

⑤ WHAT YOU TOUCH TOUCHES YOU.

Using everyday objects to texture sugru can make it more grippy and help your stuff look great.

6 EMBRACE DIVERSITY.

LEARN TO MAKE NEW SUGRU COLOURS.
